

Mayors in Action - Webinar Series: SEAPs ´ implementation in residential buildings

Thursday, 28th May 2015, 10:45 – 12:30 CET

Residential buildings alone are responsible for more than 30% of total CO₂ emissions in a city, making them one of the main energy consuming sector in civil sector in Europe.

That's why many initiatives took place to raise awareness and involve citizens, enterprises, building administrators, energy managers and experts in saving energy in households.

Programme:

10:45 – 11:00 Welcome and set the scene - *Miriam Badino, Metropolitan City of Genova, Italy*
